

West River Electric Association, Inc.

Your Touchstone Energy® Cooperative

"Powering You For A Brighter Future"

DEMAND RESPONSE AGREEMENT

This Agreement is entered into this _____ day of _____, 20_____, by and between West River Electric Association, Inc. ("WREA") and the undersigned member ("Homeowner").

The Homeowner authorizes WREA and its agents to access the premises to install and maintain demand response equipment placed on any water heater or air conditioner. All equipment and installation labor will be provided at WREA's expense and shall remain WREA's property. If the Homeowner requests removal, it will be at their expense, and the equipment must be returned in reasonable condition.

Incentives may be provided based on current program availability and continued compliance. Unauthorized tampering or noncompliance may result in termination and removal of equipment at the Homeowner's expense.

WREA may modify, suspend, or terminate the program incentives at its sole discretion, with or without notice. The Homeowner waives any claim to continued incentives.

The Homeowner agrees to participate for a minimum of sixty (60) months. Early withdrawal may require repayment of incentives. Eligibility may also depend on minimum energy usage. Either party may terminate this Agreement with thirty (30) days' written notice, subject to the obligations above.
